To Whom It May Concern,

It is a genuine pleasure and honor for me to recommend an outstanding employee, Greg Barton.

Greg has taken each project assigned to him to his heart and has never missed a deadline. His methods for managing his work and his ideas have brought nothing but success in his role here.

Greg has been able to successfully balance that line between responsibility to the company and responsibility to his workers. His productivity and follow through are considered the best in our company.

He is a hard-working individual who knows how to get any job done quickly and effectively. He works well as a part of a team and can function as a leader when required. He has always exhibited superior communication skills and gets along well with staff and supervisors. He is also highly respected by our colleagues, customers and management.

His technical skills became very valuable to us and when our company website was continually hacked; he stepped up and fixed the issues when no one else in our company was willing to get involved.

Sub sequentially, he authored a brand new website for us, achieved PCI Compliance for the site and in turn, saved us thousands of dollars a year in the process.

I would highly recommend Greg for any position that he may pursue. To me, he's a very valuable person in our company and would make a great asset to any organization.

If you would like to ask me any specific questions about Greg, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Tanveer", with a long, sweeping horizontal line extending to the left and a smaller flourish to the right.
